

# Watershed Implementation Meeting

**Room RCF 401 in the Student Services Hall  
at Howard Community College**

**October 6, 2011 - 7 pm to 9 pm**

Come, learn about the opportunities for improving stream, lake, and pond water quality in Howard County and the Chesapeake Bay! The meeting will focus on the draft Howard County Watershed Implementation Plan phase II, which is the framework for reducing nutrient loads from Howard County water bodies. Learn about Howard County's plans for meeting its nutrient allocations to the Bay and to discuss your ideas concerning stream water quality.
